Prospective FCBC Intermediate Baseball Coaches:

From its beginning, Intermediate Baseball has been tremendously popular. FCBC designed this league as developmental baseball. As such, we provide significant coach and player instruction.

Another highlight of this league is the privilege to build a team. This is accomplished by “freezing” (pre-rostering) up to five players. The remainder of the roster is completed by evaluating and selecting players through our Tryouts and Draft.

Finally, Sportsmanship is a core focus in Intermediate Baseball. This is why we consider Intermediate to be some of the best baseball in Fort Collins – instructional, competitive baseball played locally and played the right way.

If you would like to be considered for a Head Coaching position in the Intermediate League, please complete your application as thoroughly as possible. You must include **two** assistant coaches.

Applications are due by 5:00pm on Friday, December 4. Your application may be e-mailed, faxed, hand-delivered, or mailed. Your application must be received at the FCBC Office by the due date – postmarks will not be honored.

If we can be of assistance during the application process, don't hesitate to contact us. The success of our program starts with excellent coaches. We look forward to launching another successful season of Intermediate Baseball.

Thank you for considering coaching in the Intermediate League.

Mark Sundstedt
Intermediate League Director
